Project Description Overview

Provide lightning-fast, empathetic, and professional customer support for your online store or business! Utilizing AI tools like ChatGPT alongside standard support platforms, I ensure your customers get quick answers, boosting satisfaction and conversion rates.

What I Cover:

- **E-commerce Order Support:** Checking order tracking, handling return requests, and resolving customer queries on Shopify/WooCommerce.
- **Email & Live Chat Support:** Answering inquiries quickly using AI-enhanced pre-approved templates.
- **Social Media & Sales Inquiries:** Answering DMs, comments, and guiding potential buyers to checkout.
- **AI Response Templates:** Creating a custom library of AI prompt macros for your business FAQs.

- 2. Store policies (Shipping times, Return policy, Refund rules).
- 3. List of Frequently Asked Questions (FAQs) or past support logs.

Frequently Asked Questions (FAQs)

Q: Will AI send messages directly to customers without human review?

A: No, I personally review and customize every AI-assisted draft before sending it to ensure accurate, polite, and brand-appropriate responses.
